

The "Renown" Cigar

DAVID LAWRENCE
532 FORT ST.

JUST RECEIVED A LARGE SHIPMENT

Alsen Portland Cement

Is the strongest and most serviceable cement made and will permit the admixture of a larger amount of sand or gravel, with less loss of strength, than any other brand is. It is therefore the most economical.

"ALSEN" has NO EQUAL in COLOR, FINENESS AND SAND CARRYING CAPACITY. IT WEIGHS LESS PER BUSHEL, (measuring about 100 LBS. PER CUBIC FOOT) MORE CEMENT TO A BARREL than other brands, which very materially REDUCES its cost as compared with other cements. It is therefore an ECONOMIC cement to use and SPECIALLY ADAPTED FOR FINE CONCRETE WORK.

COMPARATIVE TESTS.
Tensile Strength in Pounds Per Square Inch Made at Royal Testing Station, Berlin, 1899-1900.

After 7 days.	After 14 days.	After 28 days.	After 56 days.

ALSEN PORTLAND CEMENT, Portland Cement Co., Ltd., London, England.

PREMIUMS: World's Fair, Chicago, 1893; Adelaide Jubilee Int. Ex'n 1897; Centennial Int. Ex'n Melbourne, 1898.

CAPACITY AND SALES: The output of the "ALSEN" factories is, at the present time, larger than that of any other Portland Cement in the United States. The yearly sales of Alsen's Portland Cement in the United States is greater than that of any other brand. The following test made in actual work by Col. D. C. Houston, Corps of Engineers, U. S. A., at the sea wall around Governor's Island, New York Harbor, has never been equalled by any other cement. It is as follows:

TENSILE STRENGTH PER SQUARE INCH: One day, 14 pounds; Seven days, 600 pounds; Thirty days, 815 pounds. For St. Paul, Minn., the best color and the most durable wearing surface. Testimonials from most eminent engineers, architects and contractors endorsing the high grade quality of "ALSEN" furnished on application to

Capt. Carey Fined \$1200 in 'Frisco

San Francisco, Sept. 26.—As a result of bringing six passengers from Honolulu on the last trip, Captain Carey of the steamer Moana has been fined \$1200 by the customs authorities. The money does not come out of his pocket, however, as one of the owners of the vessel was responsible for his having incurred the penalty.

Captain Edward T. Miles, one of the stockholders of the Union Steamship Line of New Zealand, spent the past three months in Honolulu with his wife and four children. He travels on a pass and desired to come to this city on the Moana, one of the vessels in the company's fleet. When the steamer reached the Hawaiian port on her way from Sydney Captain Miles told Captain Carey that he desired accommodations. The master of the Moana reminded him that the Government regulations prevented foreign vessels bringing passengers from Honolulu to this port. Captain Miles decided to take a chance, but before the steamer had started he deposited \$1200 with Captain Carey to cover any fines that might be imposed here.

Captain Miles and his family were landed here, but a fine of \$1200 was imposed on Captain Carey. This money was paid over to Deputy Collector Jerome at the Custom House today.

Captain Miles expects that the Treasury Department will remit the entire fine, or the greater part of the amount. He claims that there are mitigating circumstances, as he is one of the owners of the Moana and travels on a pass, the Union Company deriving no revenue by transporting him and his family from Honolulu.

When the Sierra, Sonoma and Ventura, the new vessels of the Oceanic Line, commence operations between this city and Australia, the steamer Moana will be taken off the run, as the Union Line will no longer have a contract for carrying the mails. The Moana will either resume her run between Australia and New Zealand ports or ply between Victoria and Australia.

Captain Carey, her popular commander, and the other officers will be missed by their many friends here.

McKinley Doesn't Want Any War

Washington, D. C., Sept. 26.—A member of the Diplomatic Corps informed a reporter today that the recent actions of the United States respecting China were based solely on the fact that this Government has in its possession information that a formal war will start in the Far East in the next two months at the outside, and the United States did not care to take the risk of becoming involved in it. The man who communicated this information is not an alarmist. He believes the administration has shown excellent judgment in getting out of the range of these great events. He said: "President McKinley ordered his troops to withdraw from China because he came into possession of information that could not be delayed much longer. He ordered the American warships to the Far Eastern waters because we must have something there to protect American interests. I feel absolutely sure that he was correct and that the war will begin within sixty days. I expect it much sooner. Probably it will start by a formal declaration of war on the part of Germany against China but how it will end no living man can tell."

CASCADE TUNNEL DONE

St. Paul, Sept. 27.—President Hill of the Great Northern has received from Chief Engineer Stevens a telegram stating that the East and West crews in the immense bore under the Cascade Mountains have met. The two forces working from opposite ends in the big tunnel brought the two ends together without the variation of an inch.

Now that the tremendous task of boring out over two miles of granite has been accomplished, the work of laying the tracks is comparatively insignificant.

The tunnel will now be rushed to speedy completion. It is estimated that when finished it will have cost \$5,000,000. One thousand men have been engaged nearly three years in its construction, and all records of tunneling have been broken. The average progress was eighteen to twenty feet per day.

The tunnel will supersede the "switchback" over the Cascades, which in itself has always been looked upon as a magnificent engineering achievement.

Gold on Alameda.

Sydney, N. S. W., Sept. 27.—The steamer Alameda which sailed from this port yesterday for San Francisco, has on board \$800,000 in gold.
